

@SMARTVID.IO,

To reduce risk in AEC and industrial companies by using AI to improve safety, quality, and productivity

Mike Perozek
VP Sales and Marketing

CONSTRUCTION SAFETY IS A HUGE PROBLEM

Every 7 seconds, a worker is injured on the job

Construction companies spend 3-6% of revenue managing safety and defect risks

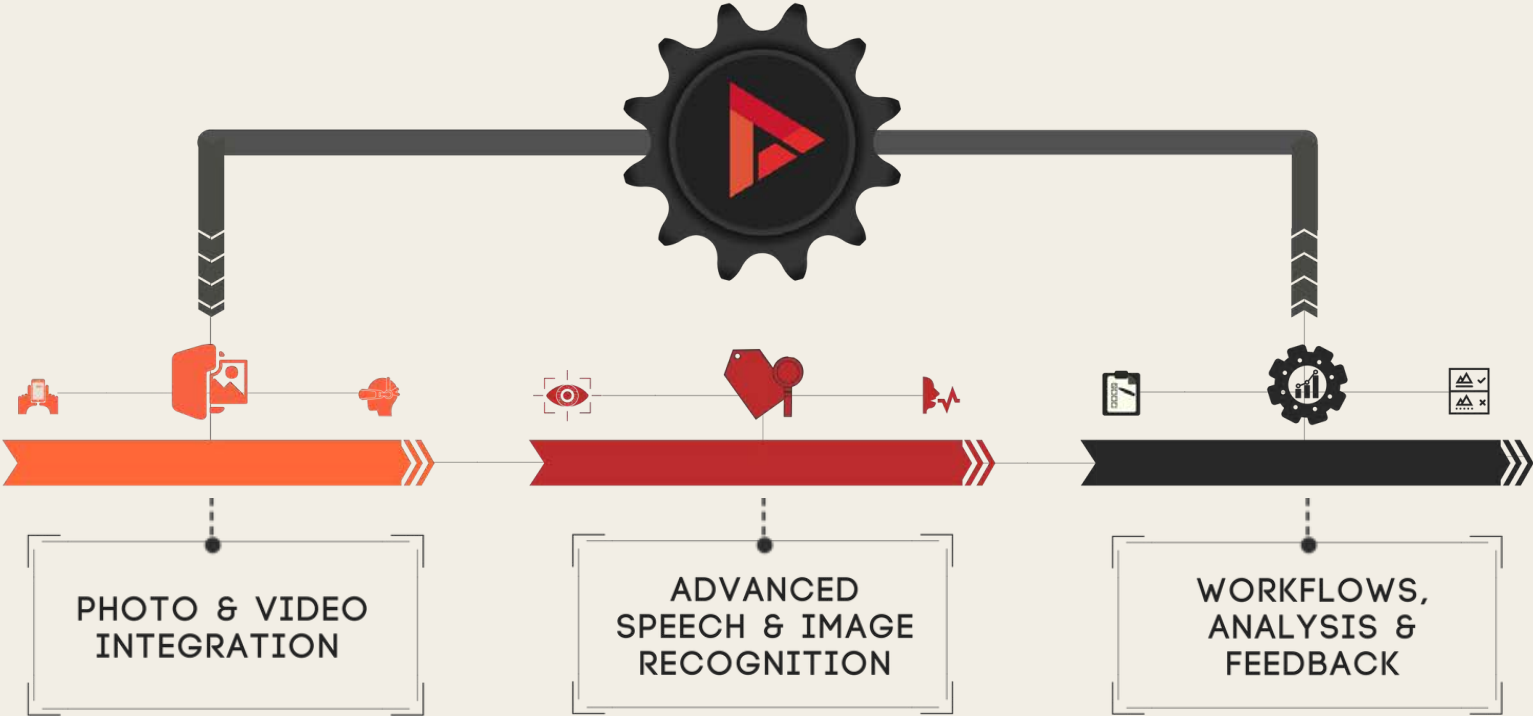

50+ GB

of photos & videos is generated on typical sites...

...but most data ends up unused & siloed in different systems

OUR PLATFORM

SMARTVID.IO DETECTS HAZARDS IN PHOTO & VIDEO DATA

Smartvid.io “sees” every worker...

...and makes observations about missing PPE

....AND GENERATES *OBJECTIVE* METRICS ENABLING MANAGERS TO FOCUS RESOURCES ON HIGHEST RISK SITES
